

2016 The first Maranges Fussières

A big fruit-forward nose. Round, supple wine has really loaded with tasty fruit and a modestly growing structure. Nice finishing, big, very slightly rustic goal absolutely tasty wine. Yum!

Santenay Les Charmes 2016

Bright red fruits over Slightly denser base. A little more structure, more melting flavor though. A wine to wait for a little skirt, this goal finishes with a good fresh fruit.

2016 Santenay 1er Like

A little added freshness and fineness. Plenty of the structure again Slightly drying tannin Remains Relatively fine and ripe. There's a nice finishing energy too.

2016 Santenay 1er Beauregard

Nicer, fresher, more floral. Volume and freshness here with a little nicer texture too - lots of depth and still plenty of tannin, but a little more elegance here. String finishing flavor. yum!

2016 Santenay 1er Gravieres

aromatically very similar to the last. Here again fresh, more energy though, the tannin is more of a drag than textural grain, herb more, extract more, Almost chewy in the finish - long though. A wine to be more patient with.

2016 Chassagne-Montrachet 1er Clos Pitois (Morgeot)

Deeper, darker purpose aussi glossier fruit with freshness. Fine silk before the tannin That turns to velvet. More muscle but a little too fat. A really mouth-watering flavor and insinuating. Waves of finishing flavor - this holds really well. Good medium term cellar potential too.

2016 Pommard 1er Les Cras

A small cuvee here.

A very nice aromatic freshness, though the aromas are all still Rather similar. Silky entry, less growth of tannin, more muscle goal again with a hint more weight. Really lovely on the palate - Concentrated muscular and fine texture remains the goal. Very nice ... an extra dimension of flavor finishing. Here's a hint of astringency goal modestly so. Again Good mid-term cellar potential.

2016 Volnay 1er Santenots

Higher up so Avoided the frost.

More aromatic width, a little part of maceration, the order family style aroma of previous wines. Ooh, line more, less, starting width - cool, impressive fruit - a wine with a more overt character. Small waves of finishing flavor - very nice ... this is lovely ...

Whites...

Since 2016 Santenay-Top

Villages aim sitting Above and around Beauregard 1er cru.

A modest goal open nose with faint citrus with freshness. Supple, Actually a very nice complexity here. Just a little savory finishing. Purpose The Last flavors are delicious - very tasty wine with a nice tension.

2016 Santenay 1er Beauregard

A modest nose, slightly saline. Lots of volume and good concentration. The flavours more to the mineral side, but slowly there is a fine delicacy of spiced, citrus in the finish. It's lovely.

2016 Chassagne-Montrachet 1er Clos Pitois (Morgeot)

Ooh - a proper chassagne nose of muscle, freshness herb and citrus - very inviting. Fresh, not fat, good texture and really a good complexity of flavor - just a suggestion of oak. Lovely finishing energy. This is lovely.

1 2016 Puligny-Montrachet Champs Earnings

Hmm this smells good - a pretty width with fine and precise yellow citrus notes. Hmm, lovely in the mouth, a subtle mineral / reductive character but fine and intense citrus too. Excellent with a nice tension. Really good. A pretty, saline Almost, look to the minerality in the length.

2016 Meursault 1er Santenots

Hmm a nice fruit-forward nose - a great invitation. Big in the mouth, smooth, fine textured, good energy DESPITE the concentration, really a wine of ripeness balancing freshness goal - finishing melting flavor, excellent!

2016 Criots Batard-Montrachet

Really Rather a tight nose - is supple, subtle width that's faintly spiced. Really a wine of pure minerality, This could be a warm year on the hill of the great Chablis wines. Delicate aim to find items in the finish. I'm Assuming this is tight partner after the bottling - others are more expressive. The nose is slowly opening goal just a little more oak Towards balanced than other things. Intriguing wine, with goal Certainly enough balance to age.
